The Dish TV S8100 requires a Satellite Dish to operate correctly. **It does not use an Aerial.**

STEP TWO

SETTING UP YOUR S8100

1

Start by connecting the cable that comes from your Satellite Dish to the **SAT IN** socket on the back of your S8100.

2

Next, connect your S8100 to your TV with the HDMI cable supplied.

3

Finally, plug the Power Supply in and switch on.

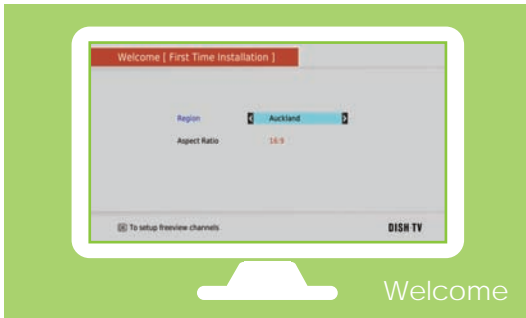

BATTERY INSTALLATION

The Remote Control requires 2x AA Batteries to operate. Below are the steps to assist with installing the batteries.

- 01: Remove the back cover of the battery compartment.
- 02: Insert the batteries, ensuring they correctly align with polarity (+/-) markings found in the battery compartment.
- 03: Close the battery cover.

Images are for reference only.

GETTING STARTED

Switch your TV on and select the video input you have connected your S8100 to.

Switch your S8100 on and allow time for it to power up, it should take approx. 30 seconds.

The **'Welcome'** window will show on screen, read through and follow each step to finalize the set up of your S8100.

STEP THREE

LEARNING YOUR REMOTE

STEP FOUR TROUBLESHOOTING
